Option	–

UPGRADE PACK 2: +32 kg

- Tempmatic semi-automatic climate control system: The semi-automatic TEMPMATIC climate control system increases the well-being with pleasant interior temperatures and makes an important contribution towards driver-fitness safety.
- MB Audio System: In addition to analogue radio reception, the Mercedes-Benz audio system already comes with a Bluetooth® interface with hands-free function and a USB port. It can optionally be upgraded into a digital radio.
- Eberscpracher diesel auxiliary heater + 92 Ah AGM battery: The auxiliary heater has a programmable timer to ensure cosy warmth in the interior, helps to defrost frozen windows and enables engine-friendly starting at temperatures below zero. The high-performance AGM battery with 12 V/92 Ah has a host of advantages: The deep-cycle battery is robust, maintenance-free, has a very high charging current capacity and a long service life.

230VT	230VTH
Option	–

INDIVIDUAL OPTIONS FOR THE VEHICLE**Paint finish on bumper, same as cabin color**

- The painting of the bumpers and the detachable parts gives the vehicle an even more appealing appearance and enhances especially the front-end and side design additionally.

230VT	230VTH
Option	Option

Special vehicle cabin colors upon request

230VT	230VTH
Option	Option

**Front mud flaps**

- The front mud flaps help keep the vehicle clean by largely keeping the dirt and water thrown up by the moving vehicle from the side walls or the body.

230VT	230VTH
Option	Option

Aluminum wheels

- Instead of steel wheels

230VT	230VTH
Option	Option

Nordic M+S Allyear tires

- Instead of the OEM summer tire, 205/75R16 (Primary brand/model: Nokian Hakkapeliitta CR3)
- The expansion of the PSM standard contacts provides body manufacturers with additional connection options without having to intervene in the vehicle wiring for their integration.
